

The Department of Library Science conducted a book exhibition on their premises to foster a love for reading among people of all ages. Priceless gems in the form of books in Telugu, Hindi, and English were on display. Student volunteers enthusiastically participated in the exhibition, interacting with faculty and students while explaining the joys of reading to the crowd. Fun games and activities, which were a part of the exhibition, added an extra layer of enjoyment for everyone involved, like icing on the cake.
